# **Unit 4b-Current Events**

Content Area: Social Studies
Course(s): Social Studies 5

Time Period: MP1-4
Length: All Year
Status: Published

## **Essential Questions**

• What is in the news?

## **Social Studies Skills**

## **Chronological Thinking**

• Explain how major events are related to one another in time.

## **Spatial Thinking**

- Select and use various geographic representations to compare information about people, places, regions, and environments.
- Use maps and other documents to explain the historical migration of people, expansion and disintegration of empires, and growth of economic and political systems.

## **CSDT Technology Integration**

8.1.5.DA.1: Collect, organize, and display data in order to highlight relationships or support a claim.

## **Activity**:

Students will select news stories from either local sources or national news sites and then interview local peers and adults. Students will then create a synthesis of the information from the print source as well as opinions from interviews. Students will record their presentation and a link will be posted in Google Classroom for students to share and comment on.

## **Enduring Understandings**
