

# Unit 1b-Soccer

Content Area: **P.E. & Health**  
Course(s): **Phys. Ed. 5**  
Time Period: **Marking Period 1**  
Length: **MP1**  
Status: **Published**

## Essential Questions

---

What types of penalties are there in soccer?

What are some strategies the defense can use to prevent a goal?

## Big Ideas

---

Competent and confident age appropriate performances of gross, fine motor and manipulative skills, with execution of movement skills and concepts individually and in groups enhance (intensifies) physical activities. free movement, games, aerobics, dance, sports, and recreational activities

Constructive feedback from others impacts improvement, effectiveness and participation in movement skills, concepts, sportsmanship, and safety.

The components of fitness contribute to enhanced personal health as well as motor skill performance (e.g., speed, agility, endurance, strength, balance).

Wellness is maintained, and gains occur over time (dimensions and components of health) when participating and setting goals in a variety of moderate to vigorous age appropriate physical activities.

## Diversity Integration

---

Objective: Students will be able to identify different countries and the relevance of soccer in those countries.

Activity: Students will play World Cup Soccer while choosing a country of their choice.

## **CSDT Technology Connection**

---

8.1.5.IC.1: Identify computing technologies that have impacted how individuals live and work and describe the factors that influenced the changes

## **CSDT Technology Integration**

---

8.1.5.A.1 Select and use the appropriate digital tools and resources to accomplish a variety of tasks including solving problems.

Activity:

Students will use an iPad to choose fitness related questions that will be used for my closure to the lesson.

## **Enduring Understandings**

---
