

Unit 3a-Badminton

Content Area: **P.E. & Health**
Course(s): **Phys. Ed. 8**
Time Period: **Marking Period 3**
Length: **MP3**
Status: **Published**

Essential Question

How does teamwork more important in badminton than other team sports such as football?

Big Ideas

Effective execution of movements is determined by the level of related skills and provides the foundation for physical competency and literacy to participate with confidence in a broad range of physical activities (e.g., games, sports, aerobics, martial arts, recreational activities).

Feedback from others and self-assessment impacts performance of movement skills and concepts.

Individual and team goals are achieved when applying effective tactical strategies in games, sports, and other physical fitness activities.

A variety of effective fitness principles applied consistently over time, enhance personal fitness levels, performance, and health status (e.g., Frequency, Intensity, Time, Type (F.I.T.T)).

Effective Fitness principles combined with mental and emotional endurance over time will enhance performance and wellness

CSDT Technology Connection

Explore the impact of technology on badminton and the number of inventions that have come into existence to enhance the game's performance.

- 8.2.8.ED.1: Evaluate the function, value, and aesthetics of a technological product or system, from the perspective of the user and the producer.
