

Pre-K May Garden Visit Lesson Plan

Garden Characteristics

Objective: Students will be able to identify parts of a plant

Standard: 5.3.P.A.1 Investigate and compare the basic physical characteristics of plants, humans, and other animals (e.g., observing and discussing leaves, stems, roots, body parts; observing and drawing different insects; sorting leaves by shape; comparing animals with fur to those with feathers).

Materials:

- Surface to write on (If you wish to complete the worksheet outdoors)
- Flower Detective worksheet
- Scissors
- Crayons
- Glue

Activities:

- Once arriving in the garden, the teacher(s) and the students will go on a flower hunt. The students will point out the parts of a flower as they find flowers in and around the garden. After, the students can complete the parts of a flower worksheet and color the flower parts in as they would appear in the garden.
