

Milltown Public Schools
Milltown, NJ 08850

BASED ON
NEXT GENERATION SCIENCE STANDARDS 2013
and NEW JERSEY STUDENT LEARNING STANDARDS 2020

Science Curriculum

Sixth through Eighth Grade

Adoption Date: September 24, 2018

Revised: April 26, 2021

The Milltown special education teaching professionals are fully trained in implementing general education curriculum in all academic content areas aligned with the New Jersey Student Learning Standards (NJSLS). While implementing general education curriculum into our special education programs, we ensure that the needs of all the individual students are met by giving each student the necessary modifications and accommodations. Additionally, each lesson is differentiated in order to address the various learning levels in each classroom.
