

Milltown Public Schools
Milltown, NJ 08850

Gifted and Talented Curriculum

Kindergarten through Eighth Grade

Adoption Date: August 20, 2013

Revised Date: August 26, 2019

The Milltown special education teaching professionals are fully trained in implementing general education curriculum in all academic content areas aligned with the New Jersey Student Learning Standards (NJSL). While implementing general education curriculum into our special education programs, we ensure that the needs of all the individual students are met by giving each student the necessary modifications and accommodations. Additionally, each lesson is differentiated in order to address the various learning levels in each classroom.
