Unit 3: Stem Project: Mass and Volume

Content Area: Enrichment
Course(s): Enrichment 3
Time Period: Marking Period 3

Length: MP3
Status: Published

Essential Questions

- What is the mass and volume of an object?
- How do you record collected data on a worksheet?

Big Ideas

- Different items of similar sizes can have the same volume but may have a different mass.
- Spreadsheets are one way scientist and engineers can display data.

Enduring Understandings

- RI.3.1 Ask and answer questions to demonstrate understanding of a text, referring explicitly to the text as the basis for the answers.
- RI.3.2 Determine the main idea of a text; recount the key details and explain how they support the main idea.
- RI.3.3 Describe the relationship between a series of historical events, scientific ideas or concepts, or steps in technical procedures in a text, using language that pertains to time, sequence, and cause/effect.
