Kindergarten

- **Math**
  - Color coding
  - Smaller number of questions to complete
    - I.e. Gen ed completes 20 problems, SPED completes 5-10.
  - Providing templates for word problems.
    - I.e. Sara ate 5 chocolate chip cookies and 4 sugar cookies. How many cookies did Sara eat in all? _____ + _____ = _____ _____
  - Providing manipulatives,
    - i.e. multiplication charts, calculators, blocks, etc.
  - Touch Math program to replace/enhance envisions
  - Provide steps for multi step problems, fractions, division, etc.
  - Provide reminders
  - Label reminders
  - Highlighting important details
  - 1-2 problems per page
  - Larger font
  - Boxes to assist with lining up numbers
  - Small group help, 1:1 help if needed
  - Audio read aloud for word problems
  - Picture clues

- **Science**
  - Limited number of questions
  - Textbook pages given with questions.
  - Color coding/highlighting important information
  - Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Page numbers with questions
  - Videos about the topic
  - Photos with questions
  - Photos for answers
  - Graphs with labels
  - Cheat sheets for conversions

- **Social Studies**
  - Limited number of questions

- Textbook pages given with questions.
- Color coding/highlighting important information
- Audio
- Sentence starters
- Fill in the blank (with word bank or two options)
- Page numbers with questions
- Videos about the topic
- Photos with questions
- Photos for answers
- Graphs with labels
- Maps with labels
- Open ended question starters, or fill in the blanks

- **Language Arts**
  - Sonday Program
  - Guided reading
  - Nessy
  - Reading A-Z
  - Spelling -
    - reduced number of words
    - Choose the correct spelling for spelling tests
    - Lower grade level words
    - Sight words as spelling words
  - Limited number of questions
  - Color coding/highlighting important information
  - Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Example answers
  - Reduced number of paragraphs
  - Reduced number of sentences for paragraphs
  - Scribe
  - Word Walls
  - Language arts rules reminders
    - Parts of speech
    - Punctuation
    - Spelling
    - etc.

1st Grade

- **Math**
  - Color coding
  - Smaller number of questions to complete
    - I.e. Gen ed completes 20 problems, SPED completes 5-10.
  - Providing templates for word problems.
    - I.e. Sara ate 5 chocolate chip cookies and 4 sugar cookies. How many cookies did Sara eat in all? _____ + _____ = _____ _____

  - Word Walls
  - Language arts rules reminders
    - Parts of speech
    - Punctuation
    - Spelling
    - etc.

5th Grade

- ○ Color coding
- ○ Smaller number of questions to complete
    - ■ I.e. Gen ed completes 20 problems, SPED completes 5-10.
- ○ Providing templates for word problems.
    - ■ I.e. Sara ate 5 chocolate chip cookies and 4 sugar cookies. How many cookies did Sara eat in all? _____ + _____ = _____ _____
- ○ Providing manipulatives,
    - ■ i.e. multiplication charts, calculators, blocks, etc.
- ○ Touch Math program to replace/enhance envisions
- ○ Provide steps for multi step problems, fractions, division, etc.
- ○ Provide reminders
- ○ Label reminders
- ○ Highlighting important details
- ○ 1-2 problems per page
- ○ Larger font
- ○ Boxes to assist with lining up numbers
- ○ Small group help, 1:1 help if needed
- ○ Audio read aloud for word problems

- ● **Science**
    - ○ Limited number of questions
    - ○ Textbook pages given with questions.
    - ○ Color coding/highlighting important information
    - ○ Audio
    - ○ Sentence starters
    - ○ Fill in the blank (with word bank or two options)
    - ○ Page numbers with questions
    - ○ Videos about the topic
    - ○ Photos with questions
    - ○ Photos for answers
    - ○ Graphs with labels
    - ○ Cheat sheets for conversions

- ● **Social Studies**
    - ○ Limited number of questions
    - ○ Textbook pages given with questions.
    - ○ Color coding/highlighting important information

- Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Page numbers with questions
  - Videos about the topic
  - Photos with questions
  - Photos for answers
  - Graphs with labels
  - Maps with labels
  - Open ended question starters, or fill in the blanks

- **Language Arts**
  - Sonday Program
  - Guided reading
  - Nessy
  - Reading A-Z
  - Spelling -
    - reduced number of words
    - Choose the correct spelling for spelling tests
    - Lower grade level words
    - Sight words as spelling words
  - Limited number of questions
  - Color coding/highlighting important information
  - Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Example answers
  - Reduced number of paragraphs
  - Reduced number of sentences for paragraphs
  - Scribe
  - Word Walls
  - Language arts rules reminders
    - Parts of speech
    - Punctuation
    - Spelling
    - etc.

6th Grade

- Color coding
- Smaller number of questions to complete
  - I.e. Gen ed completes 20 problems, SPED completes 5-10.
- Providing templates for word problems.
  - I.e. Sara ate 5 chocolate chip cookies and 4 sugar cookies. How many cookies did Sara eat in all? _____ + _____ = _____ _____
- Providing manipulatives,
  - i.e. multiplication charts, calculators, blocks, etc.
- Touch Math program to replace/enhance envisions
- Provide steps for multi step problems, fractions, division, etc.
- Provide reminders
- Label reminders
- Highlighting important details
- 1-2 problems per page
- Larger font
- Boxes to assist with lining up numbers
- Small group help, 1:1 help if needed
- Audio read aloud for word problems

- **Science**
  - Limited number of questions
  - Textbook pages given with questions.
  - Color coding/highlighting important information
  - Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Page numbers with questions
  - Videos about the topic
  - Photos with questions
  - Photos for answers
  - Graphs with labels
  - Cheat sheets for conversions

- **Social Studies**
  - Limited number of questions
  - Textbook pages given with questions.
  - Color coding/highlighting important information
  - Audio

- Sentence starters
- Fill in the blank (with word bank or two options)
- Page numbers with questions
- Videos about the topic
- Photos with questions
- Photos for answers
- Graphs with labels
- Maps with labels
- Open ended question starters, or fill in the blanks

- **Language Arts**
  - Sonday Program
  - Guided reading
  - Nessy
  - Reading A-Z
  - Spelling -
    - reduced number of words
    - Choose the correct spelling for spelling tests
    - Lower grade level words
    - Sight words as spelling words
  - Limited number of questions
  - Color coding/highlighting important information
  - Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Example answers
  - Reduced number of paragraphs
  - Reduced number of sentences for paragraphs
  - Scribe
  - Word Walls
  - Language arts rules reminders
    - Parts of speech
    - Punctuation
    - Spelling
    - etc.

7th Grade

- Color coding

- - Smaller number of questions to complete
    - I.e. Gen ed completes 20 problems, SPED completes 5-10.
  - Providing templates for word problems.
    - I.e. Sara ate 5 chocolate chip cookies and 4 sugar cookies. How many cookies did Sara eat in all? _____ + _____ = _____ _____
  - Providing manipulatives,
    - i.e. multiplication charts, calculators, blocks, etc.
  - Touch Math program to replace/enhance envisions
  - Provide steps for multi step problems, fractions, division, etc.
  - Provide reminders
  - Label reminders
  - Highlighting important details
  - 1-2 problems per page
  - Larger font
  - Boxes to assist with lining up numbers
  - Small group help, 1:1 help if needed
  - Audio read aloud for word problems

- **Science**
  - Limited number of questions
  - Textbook pages given with questions.
  - Color coding/highlighting important information
  - Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Page numbers with questions
  - Videos about the topic
  - Photos with questions
  - Photos for answers
  - Graphs with labels
  - Cheat sheets for conversions

- **Social Studies**
  - Limited number of questions
  - Textbook pages given with questions.
  - Color coding/highlighting important information
  - Audio
  - Sentence starters

- Fill in the blank (with word bank or two options)
- Page numbers with questions
- Videos about the topic
- Photos with questions
- Photos for answers
- Graphs with labels
- Maps with labels
- Open ended question starters, or fill in the blanks

- **Language Arts**
  - Sonday Program
  - Guided reading
  - Nessy
  - Reading A-Z
  - Spelling -
    - reduced number of words
    - Choose the correct spelling for spelling tests
    - Lower grade level words
    - Sight words as spelling words
  - Limited number of questions
  - Color coding/highlighting important information
  - Audio
  - Sentence starters
  - Fill in the blank (with word bank or two options)
  - Example answers
  - Reduced number of paragraphs
  - Reduced number of sentences for paragraphs
  - Scribe
  - Word Walls
  - Language arts rules reminders
    - Parts of speech
    - Punctuation
    - Spelling
    - etc.

8th Grade

  - Color coding
  - Smaller number of questions to complete

- - - I.e. Gen ed completes 20 problems, SPED completes 5-10.
    - ○ Providing templates for word problems.
      - ■ I.e. Sara ate 5 chocolate chip cookies and 4 sugar cookies. How many cookies did Sara eat in all? _____ + _____ = _____ _____
    - ○ Providing manipulatives,
      - ■ i.e. multiplication charts, calculators, blocks, etc.
    - ○ Touch Math program to replace/enhance envisions
    - ○ Provide steps for multi step problems, fractions, division, etc.
    - ○ Provide reminders
    - ○ Label reminders
    - ○ Highlighting important details
    - ○ 1-2 problems per page
    - ○ Larger font
    - ○ Boxes to assist with lining up numbers
    - ○ Small group help, 1:1 help if needed
    - ○ Audio read aloud for word problems

- **Science**
  - ○ Limited number of questions
