Unit 2 Community Health Services and Support

Content Area: **P.E. & Health**
Course(s): **Health 3**
Time Period: **Marking Period 3**
Length: **3 days**
Status: **Published**

Essential Questions

- Who can I call for help if there is a health emergency?
- How can citizens help address health problems in the US?

Big Ideas

- Community professionals and school personnel are available to assist and address health emergencies as well as provide reliable information.

Enduring Understandings

New Jersey Legislative Statute- Lyme Disease Prevention (N.J.S.A. 18A:35-5.1)

Objective: Students will develop an understanding about tick bite prevention, treatment of ticks, and the diseases caused by ticks. where they live and the diseases they cause such as lyme disease. Students will also be able to identify symptoms of lymes disease and prevention.

Activity: Students participate in a slide presentation/discussion, followed by a worksheet.

2.1.5.CHSS.1: Identify health services and resources available and determine how each assist in addressing needs and emergencies in a school and in the community (e.g., counselors, medical professionals).

2.1.5.CHSS.2: Describe how business, non-profit organizations, and individuals can work cooperatively to address health problems that are affected by global issues, including climate change.
