

# Unit 2-3h L.E.A.D.-Decision Making

Content Area: **P.E. & Health**  
Course(s): **Health 5**  
Time Period: **MP2-3**  
Length: **Day 2**  
Status: **Published**

## Essential Questions

---

- What is a consequence?
- What are the steps of the decision-making model?
- How can you choose healthy options when making a decision?

## Big Ideas

---

- Children equipped with decision-making and problem-solving skills are more likely to make confident, healthy decisions.
- The ability to consider the positive and negative consequences of decisions reduces the likelihood of impulsive behavior promoting actions consistent with short-term and long-term goals.

## Enduring Understandings

---

### 2.2 Integrated Skills

#### B. Decision-Making and Goal Setting

2.2.6.B.1 Use effective decision-making strategies.

2.2.6.B.2 Predict how the outcome(s) of a health-related decision may differ if an alternative decision is made by self or others.

2.2.6.B.4 Apply personal health data and information to support achievement of one's short- and long-term health goals
