

Course Name: Duolingo

Course Description: Duolingo is a personalized learning program that teaches languages through a website or app that students access through their Chromebook.

Course Objective: Students will learn listening, speaking, and reading skills in a foreign language.

Week #1 - Introduction to Duolingo, class rules and procedures.

Week #2 - Assign each student a language and progress goal.

Week #3-20 - Once the students are assigned their language, they will work independently on the app. Progress goals should be set at the beginning of the 1st semester and a weekly grade should be entered based on progress made towards those goals.

The teacher will receive reports on students' progress automatically via email each week.

Grading- Add grades to gradebook (p/f or check) each week. The final grade is pass/fail.

3 days per week, 2 semesters
