Grammar

- Masculine vs. feminine
- First, second, and third person singular
- Forming questions
 - Question words
- Affirmative vs. negative commands
- Singular vs. plural
- Masculine vs. feminine

Technology Integration

- Through the purposeful use of technology, and at the teacher's discretion:
- Students read, listen to, and view authentic, engaging, and timely materials from the target culture.
- Students practice interpersonal skills as they interact via video, audio, or text in real-time with other speakers of the target language.
- Students collaborate on presentational tasks with their peers or teacher, anytime, anywhere.
- Students work at their own pace as they access online content and/or utilize computer adaptive programs managed by their teacher.
- Students practice discrete skills with engaging online games and applications.
- Students benefit from differentiated instruction where multiple applications can be used to assess students, assign varied tasks, track data, give real-time feedback, and manage classrooms and lessons.
