- Telling time

Enduring Understandings

- 7.1.NL.PRSNT.1: Present very familiar personal information using memorized words and phrases that have been repeatedly practiced, often using gestures and visuals to support communication.

Grammar

- Possessive adjectives my and your
- Verbs to have and to be
- Singular vs. plural
- Masculine vs. feminine
- Placement of adjectives

- Question words
- Regular present-tense verbs

Cross-Curricular Integration

Integration area: ELA

Students will create a poster about their favorite storybook character, including as many descriptive words in Spanish as possible labeled on the poster.

Technology Integration

- Through the purposeful use of technology, and at the teacher's discretion:
- Students read, listen to, and view authentic, engaging, and timely materials from the target culture.
- Students practice interpersonal skills as they interact via video, audio, or text in real-time with other speakers of the target language.
- Students collaborate on presentational tasks with their peers or teacher, anytime, anywhere.
- Students work at their own pace as they access online content and/or utilize computer adaptive programs managed by their teacher.
- Students practice discrete skills with engaging online games and applications.
- Students benefit from differentiated instruction where multiple applications can be used to assess students, assign varied tasks, track data, give real-time feedback, and manage classrooms and lessons.

21st Century Skills and Career

9.1.2.CAP.1: Core Idea: Different types of jobs require different knowledge and skills
(example: bilingual)
