Enduring Understandings

- 7.1.NL.IPRET.1: Identify a few memorized and practiced words contained in oral, viewed, and written chunks of language in culturally authentic materials when supported by visual cues such as pictures and gestures and text support such as bolded words, bulleted lists, and/or captions.
- 7.1.NL.IPRET.4: Recognize a few memorized words related to weather and climate in the target culture(s) and in students' own cultures in highly contextualized oral texts.
- 7.1.NL.IPERS.1: Respond to a few simple questions on very familiar topics using memorized words and phrases that have been repeatedly practiced.
- 7.1.NL.IPERS.2: With the help of gestures and/or visuals, share with others basic needs on very familiar topics using memorized words and phrases that have been repeatedly practiced.
- 7.1.NL.IPERS.6: Share with others the names of a few memorized and practiced words and phrases related to climate change in the target culture(s) and in students' own cultures.
- 7.1.NL.PRSNT.4: State the names of a few memorized and practiced words and phrases related to climate change in the target culture(s) and in students' own cultures.

Grammar

- Verbs to wear and to have
- Use of muy and mucho as very
- Negation
- Singular vs. plural
- Masculine vs. feminine
- Question words

Cross-Curricular Integration

Integration area: Science

Students will create a poster in Spanish or a brief recording in Spanish about their favorite season, describing the typical weather and naming some clothing worn during this time, as well as naming an important holiday in their culture and a Spanish-speaking country, on an educational platform, such as Seesaw

Technology Integration

- Through the purposeful use of technology, and at the teacher's discretion:
- Students read, listen to, and view authentic, engaging, and timely materials from the target culture.
- Students practice interpersonal skills as they interact via video, audio, or text in real-time with other speakers of the target language.
- Students collaborate on presentational tasks with their peers or teacher, anytime, anywhere.
- Students work at their own pace as they access online content and/or utilize computer adaptive programs managed by their teacher.
- Students practice discrete skills with engaging online games and applications.
- Students benefit from differentiated instruction where multiple applications can be used to assess students, assign varied tasks, track data, give real-time feedback, and manage classrooms and lessons.

Climate Change

7.1.NM.IPRET.5: Demonstrate comprehension of brief oral and written messages found in short culturally authentic materials on global issues, including climate change.

- Activity: Listen to and discuss three things they can do each day to help the planet
