- 7.1.NH.PRSENT.6: Tell or write a few details about the impact of climate change in the target language regions of the world and compare those impacts with climate change in the student's community and/or different regions in the United States.

## **Grammar**

---

- Verbs to have and to be
- Subject pronouns
- Subject-verb agreement
- Noun-adjective agreement
- Singular vs plural
- Definite and indefinite articles

## **Cross-Curricular Integration**

---

### **Integration areas: Social Studies and ELA**

Use skills from social studies and English language arts to present short biographical sketches of people from the past and present who have had a positive influence locally and globally.

## **Technology Integration**

---

- Through the purposeful use of technology, and at the teacher's discretion:
- Students read, listen to, and view authentic, engaging, and timely materials from the target culture.
- Students practice interpersonal skills as they interact via video, audio, or text in real-time with other speakers of the target language.
- Students collaborate on presentational tasks with their peers or teacher, anytime, anywhere.
- Students work at their own pace as they access online content and/or utilize computer adaptive programs managed by their teacher.
- Students practice discrete skills with engaging online games and applications.
- Students benefit from differentiated instruction where multiple applications can be used to assess students, assign varied tasks, track data, give real-time feedback, and manage classrooms and lessons.

## **Climate Change**

---

7.1.NH.PRSNT.6: Tell or write a few details about the impact of climate change in the target language regions of the world and compare those impacts with climate change in the student's community and/or different regions in the United States.

- Have students watch the following video about how teens play musical instruments with recycled materials picked up from the trash: The Recycled Orchestra Perform after LANDFILL HARMONIC

screening Have a class discussion about global warming and its impact in different parts of the world. Invite students to compare and contrast their experience with those students in Uruguay
