Introduction Copied from: 5th Grade, Copied on: 03/12/25

Content Area: **Technology**
Course(s): **Technology 5**
Time Period: **MP1-4**
Length: **MP1-4**
Status: **Published**

Big Ideas

All students will use digital tools to access, manage, evaluate, and synthesize information in order to solve problems individually and collaborate and to create and communicate knowledge. All students will develop an understanding of the nature and impact of technology, engineering, technological design, computational thinking and the designed world as they relate to the individual, global society, and the environment.
