

Unit 02: Male & Female Reproductive Systems

Content Area: **Health & PE**
Course(s): **Health 1**
Time Period: **Generic Time Period**
Length: **4 Weeks**
Status: **Published**

Unit Introduction

Students will learn how the changes in their bodies are connected to the development of their reproductive systems. Students will learn how to properly care for and respect their reproductive organs. This includes routine self-exams and tests. Students will learn how this will improve their chances of becoming healthy adults. Students will learn about the political, economic, and social contributions of persons with disabilities and lesbian, gay, bisexual, and transgender people.

Standards

N.J.S.A.18A:35-4.36 A

HPE.2.1.12.A.1	Analyze the role of personal responsibility in maintaining and enhancing personal, family, community, and global wellness.
HPE.2.1.12.A.2	Debate the social and ethical implications of the availability and use of technology and medical advances to support wellness.
HPE.2.2.12.B.1	Predict the short- and long-term consequences of good and poor decision-making on oneself, friends, family, and others.
HPE.2.2.12.B.2	Evaluate the impact of individual and family needs on the development of a personal wellness plan and address identified barriers.
HPE.2.4.12.B.1	Predict the possible long-term effects of adolescent sex on future education, on career plans, and on the various dimensions of wellness.
HPE.2.4.12.B.2	Evaluate information that supports abstinence from sexual activity using reliable research data.
HPE.2.4.12.B.3	Analyze factors that influence the choice, use, and effectiveness of safer sex methods and contraception, including risk-reduction and risk-elimination strategies.
HPE.2.4.12.B.4	Compare and contrast attitudes and beliefs about gender identity, sexual orientation, and gender equity across cultures.
HPE.2.4.12.B.5	Relate preventative healthcare strategies of male/female reproductive systems to the prevention and treatment of disease (e.g., breast/testicular exams, Pap smear, regular STI testing, and HPV vaccine).
HPE.2.4.12.C.6	Compare the legal rights and responsibilities of adolescents with those of adults regarding pregnancy, abortion, and parenting.

Essential Questions

What is the human reproductive process?

What types of medical services are available for both males and females?
