

Unit 3 Corporations

Content Area: **21st Century Life & Careers**
Course(s): **Business and Consumer Math**
Time Period: **Semester 1**
Length: **2 - 3 Weeks**
Status: **Published**

Unit Introduction

Unit 3: Accounting for a merchandising business organized as a corporation. Unit 3 presents a complete accounting cycle for a merchandising business organized as a corporation. The primary differences between a merchandising business and a service business are that merchandising business purchases merchandising for resale, charges sales tax on sales of merchandise, and includes a Cost of Goods section on the income statement. Corporations require different equity accounts and an additional financial statement. The business in this part uses subsidiary ledgers and has a payroll system for compensating employees.

Standards

BUS.9-12.V	Accounting Process
BUS.9-12.II	Financial Reports
BUS.9-12.IV	Accounting Principles
BUS.9-12.III	Financial Analysis
