STUDENT LEARNING TARGETS

Declarative Knowledge

TECH.8.1.12.B.CS2

Students will understand that:

- Melody or harmony can provide forward momentum in a piece of music.
- The melody line should always be at the forefront of the music.
- Countermelodies, a melody line that is performed at the same time as the melody but has secondary importance, serve as a complex and imporant role in the music.
- Harmony is used to support the melody both rhythmically and through chordal progressions.
- As a performer you will either have a role as the melody or harmony of a piece of music. As the music progresses, your role may change.

Procedural Knowledge

Students will be able to:

- Identify and distinguish between pieces that are driven by harmony and those driven by melody.
- Assess their role in the ensemble as melodic or harmonic, and understand that as the piece progresses their role may change.
