General Overview, Course Description or Course Philosophy

Social Studies 6

Social studies will provide students with the knowledge and skills necessary to become active informed members of society. It will facilitate thinking about their community and the world around them so that they can become responsible civic-minded individuals. During the sixth grade students will focus on "The Beginnings of Human Society", Early Civilizations and the Emergence of Pastoral Peoples: Early River Valley Civilizations" and "The Classical Civilizations of the Meditterrean World, India, and China".

OBJECTIVES, ESSENTIAL QUESTIONS, ENDURING UNDERSTANDINGS

Students will understand that

- Geospatial technologies and representations help us to make sense of the distribution of people, places and environments, and spatial patterns across Earth's surface.
- The physical and human characteristics of places and regions are connected to human identities and cultures.
- Economic interdependence is impacted by increased specialization and trade.
- Chronological sequencing helps us track events over time as well as events that took place at the same time.
- Historical events and developments are shaped by social, political, cultural, technological, and economic factors.
- Historians develop arguments using evidence from multiple relevant historical sources.
