

06_Weather & Seasons

Content Area: **World Language**
Course(s):
Time Period: **Full Year**
Length: **10-15 days**
Status: **Published**

General Overview, Course Description or Course Philosophy

This is an introductory Spanish course. It introduces the students to the basics of the Spanish language through the discovery of various Spanish-speaking cultures around the world. The units in this course include the alphabet, the days of the week, the months of the year, the seasons, conversation, culture, weather, the numbers, dates, time, activities, descriptions and school. Students will learn how to ask questions in Spanish, as well as how to form sentences to answer questions in Spanish. This course develops the essential pieces of learning the beginning levels of a world language: reading, writing, listening and speaking. It also emphasize the three modes of communication: interpretive, interpersonal and presentational. The course uses authentic materials to introduce these topics and allow the students to grow as Spanish speakers, readers, writers and listeners with a background knowledge of Hispanic cultures around the world through an introduction of the language and cultures.
