

05_Saving and Investing

Content Area: **Business**
Course(s):
Time Period: **Semester**
Length: **1 Week**
Status: **Published**

General Overview, Course Description or Course Philosophy

The 21st-Century Life and Career Standards, through instruction in life and career skills, intends that all students acquire the knowledge and skills needed to prepare for life as citizens and workers in the 21st century. These skills include creativity, critical thinking, collaboration, and problem solving skills needed in order for individuals to function successfully as global citizens and workers in diverse ethnic and organizational cultures. 21st Century careers and occupations are those that have been impacted by technological and global forces and are in an ongoing state of reinvention due to technological advances and e-commerce.

In Finance and Career Planning, the students will learn the foundation of money management. Students will, among other things, set financial goals that will enable them to have greater financial stability in the future, create a budget that can be the difference between financial success and financial failure, keep track of your expenditures and deposits through the use of a checking account, analyze the cost and benefits of using credit, learn credit responsibility will help them build a good credit history and help them protect their personal information, calculate interest using a simple interest formula, understand compound interest formula, understand the basics of the banking business, research different investment opportunities, learn the importance to plan for retirement, learn how insurance protect their personal property, and will decipher an employee paycheck how the employer must apply deductions and submit to the government on their behalf. The students will also research their career prospects, create their own resume with a cover letter, and prepare for job interviews giving them a better chance of being employed in their career of choice.

OBJECTIVES, ESSENTIAL QUESTIONS, ENDURING UNDERSTANDINGS

Enduring Understandings:

- The earlier you begin planning for retirement, the greater your potential for return on investment.
- By investing early, your funds increase exponentially through compounding.

Essential Questions:

Why is important to begin planning for retirement early?
What impact does compounding interest have by investing early?

CONTENT AREA STANDARDS

PFL.9.1.12.RM.2	Identify types of investments appropriate for different objectives such as liquidity, income, and growth.
PFL.9.1.12.B.2	Compare strategies for saving and investing and the factors that influence how much should be saved or invested to meet financial goals.
PFL.9.1.12.D.1	Calculate short- and long-term returns on various investments (e.g., stocks, bonds, mutual funds, IRAs, deferred pension plans, and so on).
PFL.9.1.12.D.3	Summarize how investing builds wealth and assists in meeting long- and short-term financial goals.
PFL.9.1.12.D.5	Justify the use of savings and investment options to meet targeted goals.
PFL.9.1.12.D.6	Analyze processes and vehicles for buying and selling investments.
PFL.9.1.12.D.7	Explain the risk, return, and liquidity of various savings and investment alternatives.
PFL.9.1.12.D.9	Relate savings and investment results to achievement of financial goals.
PFL.9.1.12.D.10	Differentiate among various investment products and savings vehicles and how to use them most effectively.
PFL.9.1.12.D.13	Determine the impact of various market events on stock market prices and on other savings and investments.
PFL.9.1.12.D.14	Evaluate how taxes affect the rate of return on savings and investments.
PFL.9.1.12.D.15	Analyze how savings, retirement plans, and other investment options help to shift current income for purposes of tax reporting and filing.

RELATED STANDARDS (Technology, 21st Century Life & Careers, ELA Companion Standards are Required)

LA.W.11-12.2.F	Provide a concluding paragraph or section that supports the argument presented (e.g., articulating implications or the significance of the topic).
LA.SL.11-12.1	Initiate and participate effectively in a range of collaborative discussions (one-on-one, in groups, and teacher-led) with peers on grades 11–12 topics, texts, and issues, building on others' ideas and expressing their own clearly and persuasively.
LA.L.11-12.1	Demonstrate command of the conventions of standard English grammar and usage when writing or speaking.
LA.L.11-12.3	Apply knowledge of language to understand how language functions in different contexts, to make effective choices for meaning or style, and to comprehend more fully when reading or listening.
ITEC.9-12.9.4.12.C.2	Demonstrate mathematics knowledge and skills required to pursue the full range of postsecondary education and career opportunities.
ITEC.9-12.9.4.12.C.11	Apply active listening skills to obtain and clarify information.
ITEC.9-12.9.4.12.C.19	Employ technological tools to expedite workflow.
ITEC.9-12.9.4.12.C.21	Operate Internet applications to perform tasks.
ITEC.9-12.9.4.12.C.26	Employ collaborative/groupware applications to facilitate group work.
TECH.9.4.12.CI.1	Demonstrate the ability to reflect, analyze, and use creative skills and ideas (e.g., 1.1.12prof.CR3a).

STUDENT LEARNING TARGETS

Declarative Knowledge

Students will understand:

- Strategies for saving and investing and the factors that influence how much should be saved or invested to meet financial goals.
- Short- and long-term returns on various investments (e.g., stocks, bonds, mutual funds, IRAs, deferred pension plans, and so on).
- Various investment products and savings vehicles and how to use them most effectively.
- The impact of various market events on stock market prices and on other savings and investments.
- Savings, retirement plans, and other investment options help to shift current income for purposes of tax reporting and filing.
- Investing builds wealth and assists in meeting long- and short-term financial goals.
- The use of savings and investment options to meet targeted goals.
- Vehicles for buying and selling investments.
- The risk, return, and liquidity of various savings and investment alternatives.

Procedural Knowledge

Students will be able to:

- Compare strategies for saving and investing and the factors that influence how much should be saved or invested to meet financial goals.
- Analyze short- and long-term returns on various investments (e.g., stocks, bonds, mutual funds, IRAs, deferred pension plans, and so on).
- Differentiate among various investment products and savings vehicles and how to use them most effectively.
- Determine the impact of various market events on stock market prices and on other savings and investments.
- Analyze how savings, retirement plans, and other investment options help to shift current income for purposes of tax reporting and filing.
- Summarize how investing builds wealth and assists in meeting long- and short-term financial goals.
- Describe the use of savings and investment options to meet targeted goals.
- Analyze processes and vehicles for buying and selling investments.
- Explain the risk, return, and liquidity of various savings and investment alternatives.

EVIDENCE OF LEARNING

Formative Assessments

- Questioning
- Observation
- Class participation
- Performance tasks
- Worksheets
- Do Now
- Exit Ticket
- Nearpod
- Kahoot
- Knowledge Matters online simulations
- Proficiency Scale
- Success Criteria

Summative Assessments

- Internet assigned projects
- Unit/Chapter Exam
- Online math, reading, and virtual assessments using Knowledge Matters-Virtual Finance
- Virtual online projects using Knowledge Matters-Virtual Finance

Environmental Literacy

Career Readiness

Employ valid and reliable research strategies.

Utilize critical thinking to make sense of problems and persevere in solving them.

Use technology to enhance productivity.

Work productively in teams while using cultural global competence.

Literary responses (critical)

Applicable career options are discussed as they arise throughout the course; career options include but are not

limited to business, journalism, education, psychology, social work, politics, research and art.

ACCOMMODATIONS & MODIFICATIONS FOR SUBGROUPS

See link to Accommodations and Modifications document in course folder.

See below for additional accommodations and modifications.

GIFTED AND TALENTED

Extension Activities

- Allow students to pursue independent projects based on their individual interests
- Provide enrichment activities that include more advanced material
- Allow team-teaching opportunities and collaboration
- Set individual goals
- Conduct research and provide a presentation of appropriate topics.
- Design surveys to generate and analyze data to be used in a discussion.
- Use of Higher Level Questioning Techniques
- Provide assessments at a higher level of thinking

ENGLISH LANGUAGE LEARNERS

Modifications for Classroom

- Pair visual prompts with verbal presentations
- Repetition and practice
- Model to be mastered Modifications for Homework/Assignments
- Native Language Translation (peer, online assistive technology, translation device, bilingual dictionary)
- Extended time for assignment completion as needed
- Highlight key vocabulary
- Use graphic organizers

Beginners:

- Use graphic models and visual examples to connect important ideas
- Pair graphic representations with content vocabulary – math journals, vocabulary cards, and

more

- Utilize manipulatives – pattern blocks, paper money, tangrams, etc. Use manipulatives to help students make connections between concrete and abstract concepts
- Use pictures or visuals wherever possible
- Cue students before asking a questions during class discussions
- Help students with background vocabulary
- Use graphic organizer
- Modify the length of reading passages, with extended time to complete them
- Minimize homework to essential content and learning
- Assign simplified homework with extended time to complete it
- Simplify assessments:
 - true/false
 - Multiple choice (only two choices)
 - Matching
 - decreased number of questions
- Use of a bilingual dictionary
- Focus on recognition work (listening, reading), rather than productive work (speaking and writing)

Intermediate:

- Use pictures or visuals wherever possible
- Cue students before asking a questions during class discussions
- Oral and written production expanded
- Focus on main/core vocabulary only
- Help students understand contextual terms
- Extended time for assessments
- Provide an outline of class notes so that students can focus on class discussion
- Ask students to re-phrase key ideas in their own words
- Check comprehension of directions by asking students to restate the information

STUDENTS WITH DISABILITIES

(appropriate accommodations, instructional adaptations, and/or modifications as determined by the IEP or 504 teams)

Modifications for Classroom

- Pair visual prompts with verbal presentations
- Ask students to restate information, directions, and assignments.

- Repetition and practice
- Model skills/techniques to be mastered.
- Extended time to complete classwork
- Provide a copy of class notes
- Preferential seating to be mutually determined by the student and teacher
- A student may request to use a computer to complete assignments.
- Establish expectations for correct spelling on assignments.
- Extra textbooks for home. A student may request book on tape / CD / digital media, as available and appropriate.
- Assign a peer helper in the class setting
- Provide oral reminders and check student work during independent work time
- Assist student with long and short term planning of assignments
- Encourage student to proofread assignments and tests
- Provide regular parent/ school communication
- Teachers will check/sign student agenda daily
- Student requires use of other assistive technology device

Modifications for Homework and Assignments

- Extended time to complete assignments
- Student requires more complex assignments to be broken up and explained in smaller units, with work to be submitted in phases
- Provide the student with clearly stated (written) expectations and grading criteria for assignments
- Implement RAFT activities as they pertain to the types / modes of communication (role, audience, format, topic).

Modifications for Assessments

- Extended time on classroom tests and quizzes. Student may take/complete tests in an alternate setting as needed
- Restate, reread, and clarify directions/questions
- Distribute study guide for classroom tests
- Establish procedures for accommodations / modifications for assessments

STUDENTS AT RISK OF HIGH SCHOOL FAILURE

Modifications for Classroom

- Pair visual prompts with verbal presentations

- Ask students to restate information, directions, and assignments.
- Repetition and practice
- Model to be mastered.
- Extended time to complete classwork
- Provide a copy of class notes
- Preferential seating to be mutually determined by the student and teacher
- A student may request to use a computer to complete assignments
- Establish expectations for correct spelling on assignment
- Extra textbooks for home

Build Students' Strengths and Multiple Intelligences

- Verbal Linguistic
- Logical – reasoning
- Musical/ Rhythmic
- Intrapersonal Intelligence
- Visual Spatial Intelligence
- Bodily Kinesthetic accommodations/modification sent may request books on tape / CD / digital media, as available and appropriate.
- Assign a peer helper in the class setting
- Provide oral reminders and check student work during independent work time
- Assist student with long and short term planning of assignments
- Encourage student to proofread assignments and tests
- Provide regular parent/ school communication
- Teachers will check/sign student agenda daily
- Student requires use of other assistive technology device

Modifications for Homework and Assignments

- Extended time to complete assignments. Student requires more complex assignments to be broken up and explained in smaller units, with work to be submitted in phases
- Provide the student with clearly stated (written) expectations and grading criteria for assignments

Modifications for Assessments

- Extended time on classroom tests and quizzes. Student may take/complete tests in an alternate setting as needed
- Restate, reread, and clarify directions/questions
- Distribute study guide for classroom tests
- Establish procedures for accommodations / modifications for assessments
