

# 05\_Creating the Future-What's New and Next in Aviation and Aerospace

Content Area: **Technology**  
Course(s):  
Time Period: **Full Year**  
Length: **11 Days and Ongoing**  
Status: **Published**

## **General Overview, Course Description or Course Philosophy**

---

Modern aircraft navigation, fly-by-wire, “glass” cockpits, and composite structural materials are among the key innovations that students will explore as they consider how aviation continues to advance. Students will also look at how space exploration has changed as commercial enterprises have moved into that arena. The unit and the semester will culminate in a project in which students use their new understanding of aviation technology to design, build, and defend a museum exhibit based on the topics discussed during the semester.

## **OBJECTIVES, ESSENTIAL QUESTIONS, ENDURING UNDERSTANDINGS**

---

Objectives, essential questions and enduring understandings are outlined within each unit of study and/or Curricular Calendar.

## **CONTENT AREA STANDARDS**

---

TECH.8.1.12.A.2	Produce and edit a multi-page digital document for a commercial or professional audience and present it to peers and/or professionals in that related area for review.
TECH.8.2.12.C.6	Research an existing product, reverse engineer and redesign it to improve form and function.
TECH.8.2.12.C.7	Use a design process to devise a technological product or system that addresses a global problem, provide research, identify trade-offs and constraints, and document the process through drawings that include data and materials.
TECH.8.2.12.D.1	Design and create a prototype to solve a real world problem using a design process, identify constraints addressed during the creation of the prototype, identify trade-offs made, and present the solution for peer review.
TECH.8.2.12.D.3	Determine and use the appropriate resources (e.g., CNC (Computer Numerical Control) equipment, 3D printers, CAD software) in the design, development and creation of a technological product or system.

## **RELATED STANDARDS (Technology, 21st Century Life & Careers, ELA Companion Standards are Required)**

---

CRP.K-12.CRP2	Apply appropriate academic and technical skills.
CRP.K-12.CRP4	Communicate clearly and effectively and with reason.

CRP.K-12.CRP6	Demonstrate creativity and innovation.
CRP.K-12.CRP7	Employ valid and reliable research strategies.
CRP.K-12.CRP8	Utilize critical thinking to make sense of problems and persevere in solving them.
CRP.K-12.CRP11	Use technology to enhance productivity.
CRP.K-12.CRP12	Work productively in teams while using cultural global competence.
9-12.HS-ETS1-2	Design a solution to a complex real-world problem by breaking it down into smaller, more manageable problems that can be solved through engineering.
9-12.HS-ETS1-1	Analyze a major global challenge to specify qualitative and quantitative criteria and constraints for solutions that account for societal needs and wants.
9-12.HS-ETS1-3	Evaluate a solution to a complex real-world problem based on prioritized criteria and trade-offs that account for a range of constraints, including cost, safety, reliability, and aesthetics, as well as possible social, cultural, and environmental impacts.

## **STUDENT LEARNING TARGETS**

---

Student learning targets are outlined within each unit of study and/or Curricular Calendar.

## **Declarative Knowledge**

---

Declarative knowledge is outlined within each unit of study and/or Curricular Calendar.

## **Procedural Knowledge**

---

Procedure knowledge is outlined within each unit of study and/or Curricular Calendar.

## **EVIDENCE OF LEARNING**

---

### **Formative Assessments**

---

Formative assessments are included and outlined in each unit of study.

### **Summative Assessments**

---

Summative assessments are included and outlined in each unit of study.

### **RESOURCES (Instructional, Supplemental, Intervention Materials)**

---

Materials and resources are outlined in each unit of study.

### **INTERDISCIPLINARY CONNECTIONS**

---

Interdisciplinary connections are outlined in each unit of study.

### **ACCOMMODATIONS & MODIFICATIONS FOR SUBGROUPS**

---

Accommodations & Modifications are outlined in each unit of study.
