## General Overview, Course Description or Course Philosophy

---

The New Jersey Core Curriculum Content Standards for Social Studies education provides learners with the knowledge, skills, and perspectives needed to become active, informed citizens and contributing members of local, state, national, and global communities in the digital age. An education in social studies fosters a population that is civic minded, globally aware, and socially responsible, exemplifies fundamental values of American citizenship through active participation in local and global communities, makes informed decisions about local, state, and global events based on inquiry and analysis, considers multiple perspectives, values diversity, and promotes cultural understanding, recognizes the implications of an interconnected global economy, appreciates the global dynamics between people, places, and resources and utilizes emerging technologies to communicate and collaborate on career and personal matters with citizens of the other world regions. In the self contained setting students will be exposed to all the essential material.

## OBJECTIVES, ESSENTIAL QUESTIONS, ENDURING UNDERSTANDINGS

---

Students will understand:

- how the transoceanic interlinking of all major regions of the world from 1450-1600 led to global transformation.
