General Overview, Course Description or Course Philosophy

This is an introductory Spanish course. It introduces the students to the basics of the Spanish language through the discovery of various Spanish-speaking cultures around the world. The units in this course include the alphabet, the days of the week, the months of the year, the seasons, geography of the Spanish-speaking countries, the numbers, dates, time, activities, descriptions, school, clothing, professions and places. Students will learn how to ask questions in Spanish, as well as how to form sentences to answer questions in Spanish. This course develops the essential pieces of learning the beginning levels of a world language: reading, writing, listening and speaking. It also emphasize the three modes of communication: interpretive, interpersonal and presentational. The course uses authentic materials to introduce these topics and allow the students to grow as Spanish speakers, readers, writers and listeners with a background knowledge of Hispanic cultures around the world.

OBJECTIVES, ESSENTIAL QUESTIONS, ENDURING UNDERSTANDINGS

Objectives- Students will understand that:

- time helps to organize our lives.

- 2. Create a mini poster of the months of the year and include an illustration for each month.
- 3. Speaking assessment: Student-created dialogues/introductory dialogues with partners.
- 4. Quiz 1: Numbers 0-100
- 5. Quiz 2: Numbers answering questions using age, birthday and dates

RESOURCES (Instructional, Supplemental, Intervention Materials)

- Use of whiteboards to practice the numbers
- Buen Viaje 1, Skills for Success: Spanish Middle/High School Workbook
- Skills for Success: Building Spanish Vocabulary
- Quizlet, Kahoot & Blooket games
- Teacher created Jeopardy
- Quia games
- Google slides on birthday & age
- Google slides on dates
- Google slides on telephone numbers
- Spanish speaking countries incredible facts (32:10)
- Spanish introductions & greetings (4:36)
- Days of the week song (0:43)
- Months of the year song (1:03)
- Numbered Heads game for review
- Packet Las introducciones y los números

INTERDISCIPLINARY CONNECTIONS

English/Language Arts - Language Acquisition

Math - Data Collection/Analysis, Use of numbers in mathematical equations

ACCOMMODATIONS & MODIFICATIONS FOR SUBGROUPS

Accommodations & Modifications

Students within Special Education programs

*Individual accommodations and modifications will be made according to the IEP document by may include:

Provide modified notes and access to extra copies online

Provide oral reminders and check student work during independent work time

Model skills/techniques to be mastered

Check and sign assignment planner

Preferential seating

Modified or scaffolded homework and classwork

Provide extended time as needed

Provide graphic organizers and study guides

Students with 504s:

*Individual accommodations and modifications will be made according to the 504 document by may include:

Provide modified notes and access to extra copies online

Provide oral reminders and check student work during independent work time

Model skills/techniques to be mastered

Check and sign assignment planner

Preferential seating

Modified or scaffolded homework and classwork

Provide extended time as needed

Provide graphic organizers and study guides

English Learners:

Provide scaffolded assignments and assessments

Pair visual prompts with visual presentations

Check and sign assignment planner

Native Language translation

Extended time for assignment and assessment as needed

Highlight key vocabulary

Use graphic organizers

Provide verbal and written directions

At Risk of Failure:

Encourage class participation and reinforce skills

Model skills and assignments

Extended to time to complete class work

Preferential seating

Provide extra help outside of class and 1:1 instruction when needed

Communicate regularly with students' other teachers

Provide positive feedback for tasks well done

Gifted and Talented:

Pose higher-level thinking questions

Provide higher level reading and writing materials for literacy based activities

Probe student to extend thinking beyond the text or connect two or more texts

Provide alternate or project-based assessments and assignments
