UNIT ORIENTATION

Unit 2 - The Mystery of the Silent E

OVERVIEW OF BENDS

The unit bends are outlined within each Unit of Study and/or Curricular Calendar.

There are three bends to this unit (which coordinate with the theming in the Word Detectives/UOS Reading):

Bend 1: Word Detectives Take the Case: Investigating Silent E

In this bend, the focus is on CVCe words with the vowel A. Students will use what they know/learn about silent e to contribute to interactive writing, decode words in shared reading and use their knowledge of patterns to make new words with common phonograms such as /ame/, /ane/, and /ake/. Students will also be exposed to exceptions to the rule, as in the word *have*. Students will also be introduced to 5 new snap words: eat, make, take, out, big) in an extension, and then 3 more words (came, same, have) are layered in as well. The SSDA is tied in, and students are challenged to make the connection that silent E doesn't just change an A to a long-vowel sound, it changes *any* vowel to a long-vowel sound.

Bend 2: Word Detectives Test Their Theories to Learn More About Vowels

In this bend, students explore CVCe words with other vowels, not just A. Students will see frequently used patterns for the vowels O, I, U and E. They will learn that there are very few words in the English language that use the CVCe pattern to represent the long E sound - which provides a brief introduction to vowel teams EE and EA.

Bend 3: Word Detectives Use Words They Know to Solve New Mysteries

In this bend, students will shift to looking closely at words and parts of words to strengthen students' abilities to decode words in text by breaking them into parts and putting those parts back together. This unit ties tightly together with UOSR Word Detectives, offering further support to strategies taught there. Each day's learning is connected to a snap word students know, so the words can act as an anchor for the learning. Unit ends with a celebration that may include students "sleuthing" to find words around the classroom and school to support

concepts learned in this unit.
