General Overview, Course Description or Course Philosophy

Music K-2

During Kindergarten through Grade 2, students have 36-40 music lessons during the school year. Lessons involve about 8 to ten different activities streamed together seamlessly around musical concepts. At this level, musical elements are also introduced. A concept is always absorbed physically, aurally, and then visually before it is labeled in musical terminology. Much of the musical terminology will not be introduced until first and second grades. Musical games and repertoire, which developed from a myriad of folk songs, were compiled from the Kodaly, Orff, and Dalcroze philosophies. The fundamentals of music are built upon in subsequent years creating a spiral curriculum that will lead the student to a high proficiency in music theory, history, and performance. All lessons are introductory and repeated throughout the year.

STUDENT LEARNING TARGETS

Refer to the 'Declarative Knowledge' and 'Procedural Knowledge' sections.

Declarative Knowledge

Students will understand that:

- Music exists in time and is organized into patterns.
- Tempo affects the mood of the music.

Procedural Knowledge

Students will be able to:

- Creatively respond to tempo through movement that reflects the speed of the selected piece.
- Understand that music can change and become fast or slow as it progresses.

EVIDENCE OF LEARNING

Refer to the 'Formative Assessments' and 'Summative Assessments' sections.

Formative Assessments

For this unit, formative assessments can/will include:

- The teacher will play a piece of music and the students will move around the room making their movements match the tempo of the music. The teacher will be able to assess the students understanding of the tempo.
- The teacher will play a piece of music and the students will identify the mood and the tempo of the piece.

Summative Assessments

For this unit, summative assessments can/will include:

- Tempo and Mood: A student will match tempo with mood.
- Identifying Tempo: A student will put the tempo names in order from slowest to fastest using a word bank.

RESOURCES (Instructional, Supplemental, Intervention Materials)

Resources Include:

- MUSICPLAYONLINE: A website that has tempo units and activities for PreK-Middle School.

- **HAND HELD PERCUSSION:** Various percussion instruments used for rhythmic understanding.
- **BEAN BAGS:** A tactile way to practice tempo.
- **RHYTHM STICKS:** A demonstrative way to practice tempo.
- **GAMES:** The Statue Game and The Old Gray Cat teach tempo in a fun way.
- **BUCKET DRUMS:** A set to use with the class.

INTERDISCIPLINARY CONNECTIONS

PHYSICAL EDUCATION: Movement to music at a variety of tempos.

LANGUAGE: Learning the musical terms of the different tempos, which are in Italian.

ACCOMMODATIONS & MODIFICATIONS FOR SUBGROUPS

Modifications include:
