Unit Overview

In this unit, students will use paint and other mediums to create art.

Enduring Understandings

Artists use their understanding of the elements and principles of design to express their feelings, emotions, and creativity.

Essential Questions

In what ways does the understanding and application of the elements and principles of design develop creativity?

How can technique and materials convey meaning in work?

How does our culture and history influence our artistic choices?

Learning Objectives

Create landscapes using various media.

Students will discuss and understand Impressionism in terms of art history, the idea of a fleeting moment or that visual rush of movement. (i.e. spinning round in a field).

Demonstrate appropriate brush stroke techniques.

Define positive and negative space in terms of art.

Experiment with the use of color to make objects advance or recede in their design.

Use color to convey symbolic, emotional, and intellectual meaning.

Apply style and technical skill in creating thematic content.

Employ appropriate vocabulary for this unit.

Study works of various artists from different countries and cultures.

Use the necessary tools and materials to create their own landscapes.
