Unit Overview

Now that students used pre-production to plan, it's time to shoot. While the storyboard and/or the script served as the blueprint for shooting, flexibility and a nimble mindset are important when new ideas are presented. Continuing to work collaboratively is essential. It's also a lot more fun to work in a team environment. Fun. Yes, fun. It should be enjoyable to be creative with your peers.

Enduring Understandings

Planning is the first step of the design process. Whether it is in visual art, woodshop, or STEAM, planning by designing is an integral part of the creation process.
