## Overview

---

The grades K-2 Comprehensive Health Education Units are a cohesive set of four units that will scaffold instruction from one grade level to the next. The units are made up of a blended set of standards and cumulative progress indicators that fully encapsulate the major ideas and themes behind the unit. The incorporation of different standards through major, supporting and additional concepts provide a greater opportunity for comprehensive health instruction in each unit. Students will begin the year with a Wellness unit that blends general health skills involving topics such as hygiene, nutrition and physical activity. Units will then progress to develop decision-making skills which will be applied in various situations in later units involving physical activity, alcohol, tobacco, drugs, relationships, interpersonal communication, and character development.

In Unit 4, students will interact with content regarding:

- Effective communication may be a determining factor in the outcome of health and safety-related situations
- Effective decision-making skills foster healthier lifestyle choices.
- Character traits are often evident in behaviors exhibited by individuals when interacting with others.
- Service projects provide an opportunity to have a positive impact on the lives of self and others.

## Interdisciplinary Connections

---

LA.RI.2.1	Ask and answer such questions as who, what, where, when, why, and how to demonstrate understanding of key details in a text.
LA.RI.2.6	Identify the main purpose of a text, including what the author wants to answer, explain, or describe.
LA.RI.2.7	Explain how specific illustrations and images (e.g., a diagram showing how a machine

works) contribute to and clarify a text.

LA.K-12.NJSLSA.R1

Read closely to determine what the text says explicitly and to make logical inferences and relevant connections from it; cite specific textual evidence when writing or speaking to support conclusions drawn from the text.

LA.K-12.NJSLSA.W4

Produce clear and coherent writing in which the development, organization, and style are appropriate to task, purpose, and audience.

MA.2.MD.D.10

Draw a picture graph and a bar graph (with single-unit scale) to represent a data set with up to four categories. Solve simple put together, take-apart, and compare problems using information presented in a bar graph.

SCI.K-ESS3-3

Communicate solutions that will reduce the impact of climate change and humans on the land, water, air, and/or other living things in the local environment.

SCI.K-LS1-1

Use observations to describe patterns of what plants and animals (including humans) need to survive.
