Content Area: **Social Studies**  
Course(s): **Social Studies 1**  
Time Period: **September**  
Length: **12 weeks**  
Status: **Published**

## Unit Overview

---

In this unit, students will set the tone for their classroom environment. They will review how their classroom setting is within a school, the school is within a neighborhood, and the neighborhood is part of a larger community. Students will learn how geography affects people and cultures. Students will gain a growing understanding of how to use maps and globes and the vocabulary we use to talk about geography. They will also become familiar with the needs for rules and governance in the classroom and community. They will discuss what it means to act with character, how they will be responsible for their actions, and how their actions can effect others in the classroom and school. as well as why it is important to accept all members of a community and the different beliefs shared.

Core Content Vocabulary: fairness, equality, law, community, respect, rights, segregation, justice, acceptance, north, south, east, west, cardinal directions, countries, continents, culture
