

GRADE 3– Module 2: Use Your Words

Mission Statement

The primary goal of the Swedesboro-Woolwich School District is to prepare each student with the real life skills needed to compete in a highly competitive global economy. This will be achieved by providing a comprehensive curriculum, the integration of technology, and the professional services of a competent and dedicated faculty, administration, and support staff.

Guiding this mission will be Federal mandates, including No Child Left Behind, the New Jersey Core Curriculum Content Standards, and local initiatives addressing the individual needs of our students as determined by the Board of Education. The diverse resources of the school district, which includes a caring PTO and active adult community, contribute to a quality school system. They serve an integral role in supporting positive learning experiences that motivate, challenge and inspire children to learn.

Unit/Module Overview

This writing module focuses on helping students write a structured and meaningful letter while reinforcing key grammar concepts. The module begins with the introduction and reading of a focal text, along with vocabulary building to support comprehension and idea development. Students then move into prewriting, where they prepare to write their own letter by organizing thoughts and identifying the purpose and audience. As they draft, revise, and edit their work, they focus on adding meaningful details, applying correct grammar and mechanics, and engaging in peer proofreading.

Grammar instruction throughout the module supports their writing by covering topics such as identifying and capitalizing nouns, distinguishing between common and proper nouns, and using singular and plural nouns correctly—including those ending in –s and –es. Students also review compound sentences, use commas in a series, and strengthen their writing by applying action and being verbs with correct subject-verb agreement. The module concludes with students publishing and sharing their letters, building both confidence and communication skills.

Standards Covered in Current Unit/Module
