Unit Overview

Initially, the iReady diagnostic test will be administered in September to assist with your understanding of your students and your planning of your instruction. Further, the strategies, skills, and standards introduced in ReadyGEN -- Unit 1 (Modules A and B) should be covered. Teachers will utilize ReadyGEN as their primary resource for reading instruction. Outside resources including novels, digital resources, and teacher-created materials may be supplemented to cover the necessary content as a reinforcement to the ReadyGEN materials. In terms of assessment, the following will be administered -- Selection Tests for the anchor and supporting texts and the Unit 1 Summative Assessment (Module A and B). Teachers should also use this time to set up small group routines and may use Daily 5 with any adaptations necessary (i.e. -- some days may use 3 or 4 of

the Daily 5 routines) to teach this Curriculum.
