Unit Overview

Daily 5 routines will continue to be implemented in the classroom as we cover ReadyGEN -- Unit 2 (Modules A and B) . Teachers will utilize ReadyGEN as their primary resource for reading instruction. Outside resources including novels, digital resources, and teacher-created materials may be supplemented to cover the necessary content as a reinforcement to the ReadyGEN materials. In terms of assessment, the following will be administered -- Selection Tests for the anchor and supporting texts and the Unit 2 Summative Assessment (Module A and B). Teachers should also use this time to continue their small group routines and may use Daily 5 with any adaptations necessary (i.e. -- some days may use 3 or 4 of the Daily 5 routines) to teach this Curriculum.

TECH.9.4.5.CI.2

Investigate a persistent local or global issue, such as climate change, and collaborate with individuals with diverse perspectives to improve upon current actions designed to address

TECH.9.4.5.CT.4

the issue (e.g., 6.3.5.CivicsPD.3, W.5.7).

Apply critical thinking and problem-solving strategies to different types of problems such as personal, academic, community and global (e.g., 6.1.5.CivicsCM.3).

Collaboration with individuals with diverse perspectives can result in new ways of thinking and/or innovative solutions.

The ability to solve problems effectively begins with gathering data, seeking resources, and applying critical thinking skills.
