Module 10 Overview

In Module 10:

In this module, students will listen to, read, and view a variety of texts and media that provide information about communication. A genre focus on informational

text provides students with opportunities to identify central ideas, text structure, and media techniques in order to better understand unfamiliar texts. Students will

also encounter narrative nonfiction and realistic fiction to build knowledge across genres. As students build their vocabulary and synthesize topic knowledge, they

will learn that throughout history, people have always found a way to communicate with each other.

Essential Question: What forms can communication take?
